

The 3 Day MBA in Oil and Gas in Lagos

COURSE DATES

13-15 MARCH 2017

16-18 OCTOBER 2017

Come away with the perspective of a CEO or Government minister, better able to identify and create value for your firm and your career by joining this internationally acclaimed course in Lagos – no need for long-haul travel to get the global perspective on your industry.

First delivered several years ago in London and Houston, this course now runs in cities around the world and comes to Lagos with additional support from our local partner, **Richardson Oil & Gas**. It has provided a vital career step for many of tomorrow's leaders in our industry. Book early to guarantee your place and enjoy a \$300 discount.

This is an intensive, interactive and inspiring programme that will give you a deeper understanding of the dynamics of the upstream petroleum business – providing real insight into how the business really works.

VENUE

One of the most exuberant cities in Africa, as well as being a major centre for the continent's oil industry, Lagos has a thriving commercial centre, fascinating historical sites and markets. The training venue will be a 5 star business hotel on the conveniently located Victoria Island.

DELEGATES WILL:

- Have greater impact in dealing with senior executives, colleagues and partners.
- Improve their decision-making skills.
- Improve their ability to identify opportunities and create value for their firm.
- Understand the key dynamics shaping the petroleum business today.
- Understand the latest trends impacting the exploration and production value chain.
- Be in a position to broaden their career opportunities within the upstream industry.
- Benefit from a network of new contacts within the industry.

WHO SHOULD ATTEND

This course attracts a diverse range of attendees from around the region and beyond, representing companies such as ExxonMobil, Chevron, Seplat, Perenco, GT Bank, Sterling Bank and many others.

Managers and senior professionals aiming to take on leadership roles in the oil and gas industry will benefit from this course.

As your career develops and you take on wider responsibilities, you will need a broader understanding of the industry's complexities.

Whether you are in an NOC, IOC or working for a service company or professional adviser, this programme will give you a perspective that is hard to get amongst day-to-day pressures, but is vital to long term success.

COURSE DIRECTOR

About Angus Warren

Angus Warren is a highly experienced trainer with extensive and practical knowledge of the international oil and gas industry.

His early career included 15 years with BP on assignments covering gas exploration and production, oil pipelines and refining in the UK, as well

as leading BP's commercial involvement in the Angola LNG Project. He subsequently developed his expertise in business strategy, international development and negotiations as a consultant to many leading organisations in the energy sector.

But Angus's greatest talent is for inspiring and developing the next generation of industry leaders. At BP he facilitated team building sessions and delivered coaching and training. His involvement with training local staff in NOCs began back in 2001, when he successfully delivered BP's premiere business simulation training programme to senior managers of the National Iranian Oil Company in Tehran. Since then, hundreds of managers and professionals around the world have benefited from his engaging, stimulating and practical courses.

Angus holds a BEng (Hons) in Chemical Engineering, an MSc in Technology and Management in the Oil & Gas Industry and an MBA from the University of Texas in Austin. He is a recognised author of several international analyses and articles and has commented extensively on oil industry developments and the changing interactions between the IOCs and NOCs. Angus is a member of the Institute of Chemical Engineers and the UK Energy Institute.

Other Course Directors may run this programme from time to time. Please see website for details.

TESTIMONIALS

"High impact."

"Comprehensive. It caught everything worth knowing in the industry. I will be a better consultant and better guide my team and provide advice to my client"

"Very good course. Got a good overview of the industry, very global perspective. Better total understanding."

"Given me a 'helicopter view' on oil and gas industry. Will help my work, career and personal life decisions."

"Critical to the growth of my company."

"Lots of good discussion and interaction was very valuable."

"Will let me take better decisions for my company"

What are the trends within the oil and gas sector that make this course so relevant?

- The changing nature and relationship between international oil companies (IOCs), national oil companies (NOCs) and service companies
- The increasing importance of marginal fields
- The Petroleum Industry Bill and Nigerian Content Act
- The "Peak Oil" debate
- The increased technical and political challenge of non-OPEC oil
- Environmental concerns
- The future of oil and gas prices, are they set to continue decreasing?

WARREN BUSINESS CONSULTING

OUR WORLDWIDE COURSE LOCATIONS

ABOUT US

- Helping talented individuals build their careers is an inspiring experience. At Warren Business Consulting our focus is on developing tomorrow's E&P managers and leaders.
- We believe that a successful career in upstream oil and gas depends on a thorough understanding of the industry's complexities. Technical expertise is not enough: to become a manager or a leader means understanding the geopolitics, the technology, the finance, the many different stakeholders – as well as knowing how to get the best out of a team.
- The firm was set up in **2012** by Angus Warren, an industry veteran whose career includes 15 years at BP. Since then, hundreds of aspiring managers have been on our courses, in various locations around the world, as part of their career development.
- As well as the public MBA in Oil and Gas courses shown above, we run courses on Contracts and Negotiations, Risk Management, Project Governance and many others; we also deliver in-house courses customised to meet the clients' specific requirements, at a location convenient to them. Our portfolio of products is expanding rapidly so please check the website for latest developments.
